- Warranty: 1 Year
- Weight: 0.5 Lbs
- Performance: High Braking Power
- Highlight: **yamaha motorcycle brake parts front,  
yamaha motorcycle brake pads,  
front motorcycle brake pads**

## Product Description

### Product Description:

The dimensions of the brake pad parts are 4.5 X 3.5 X 0.5 Inches, making them compatible with most motorcycle models. The brake pad parts come in both front and rear positions, which gives the rider the flexibility to choose the position that suits their motorcycle. The YAMAHA motorcycle brake pad parts are easy to install, which makes them an ideal choice for both professional and amateur riders. The installation process is straightforward and does not require any special tools or expertise. The YAMAHA motorcycle brake pad parts are designed to provide maximum stopping power, which is essential for the safety of the rider. These brake pad parts are made of ceramic material, which is known for its excellent frictional properties. The ceramic material provides a high level of friction, which ensures that the motorcycle comes to a stop quickly and smoothly. These brake pad parts are suitable for both electric and casting motorcycle parts. They are designed to fit perfectly into the brake calipers and provide maximum contact with the brake rotor. This ensures that the brake pad parts wear evenly and last longer, which reduces the need for frequent replacements. The YAMAHA motorcycle brake pad parts come with a one-year warranty, which gives the rider peace of mind knowing that they are covered in case of any defects or problems. The warranty covers any defects in material or workmanship and ensures that the rider can enjoy their motorcycle without any worries. In conclusion, the YAMAHA motorcycle brake pad parts are an excellent choice for riders who value safety, reliability, and quality. These brake pad parts are made of high-quality ceramic material, which provides excellent frictional properties and ensures maximum stopping power. They are easy to install, suitable for both electric and casting motorcycle parts, and come with a one-year warranty.

### Features:

Product Name: YAMAHA motorcycle brake parts  
Warranty: 1 Year  
Compatibility: YAMAHA Motorcycles  
Package Quantity: 2 Pieces  
Dimensions: 4.5 X 3.5 X 0.5 Inches  
Installation: Easy To Install  
Product Type: Electric Motorcycle Parts  
Also Suitable For: Electric Bike Parts  
Includes: Brake Drums, Shoes & Components

### Technical Parameters:

Product Name	YAMAHA Motorcycle Brake Pad Parts
Color	Black
Package Quantity	2 Pieces
Warranty	1 Year
Position	Front/Rear
Compatibility	YAMAHA Motorcycles
Type	Brake Pads
Performance	High Braking Power
Material	Ceramic
Durability	Long-lasting
Installation	Easy To Install
Product Category	Brake System Parts

### Applications:

The YAMAHA motorcycle brake parts are perfect for electric bike parts as well as traditional motorcycles. They are made of high-quality materials that ensure long-lasting performance and durability. The brake pad parts are designed to withstand high levels of heat and friction, making them ideal for heavy-duty use. The YAMAHA motorcycle brake parts are suitable for both front and rear positions on the motorcycle. They are sold in a package of two pieces, making them ideal for the replacement of worn-out or damaged brake pads. The product is compatible with most makes and models of motorcycles, making them the perfect choice for riders who want a reliable and effective braking system. The YAMAHA motorcycle brake parts product is ideal for various occasions and scenarios. It is perfect for daily commuting, long-distance trips, off-road adventures, and even racing. These brake parts provide exceptional stopping power, which is essential for the safety of the rider and other road users. If you are a motorcycle enthusiast or a professional rider, the YAMAHA motorcycle brake parts are an essential investment for your bike.

They are easy to install, lightweight, and offer superior performance, making them a must-have product for any motorcycle owner.

### Customization:

Our product customization services for YAMAHA motorcycle brake parts ensure compatibility with YAMAHA motorcycles, providing high braking power for a safe and secure ride. The brake and clutch parts are easy to install, and come in a package quantity of 2 pieces for both front and rear positions. Our brake system parts are designed to meet the needs of electric motorcycle parts, ensuring a smooth and efficient ride.

### Support and Services:

YAMAHA motorcycle brake parts are designed and manufactured to meet the highest standards of quality. They are rigorously tested to ensure reliability and performance under a wide range of conditions. If you encounter any issues with your brake parts, our technical support team is available to assist you. Our experts can provide guidance on installation, troubleshooting, and maintenance to help you get the most out of your YAMAHA motorcycle brake parts. In addition, we offer a range of services to ensure that your brake parts perform at their best for as long as possible. These services include regular maintenance, repairs, and parts replacement as needed. Our goal is to keep your YAMAHA motorcycle running smoothly and safely, and our expert technicians have the knowledge and experience to do just that.

### Packing and Shipping:

Product Packaging:

The YAMAHA motorcycle brake parts will be securely placed in a sturdy cardboard box.

The box will be sealed with strong adhesive tape to ensure the parts do not get damaged during transportation.

The parts will be wrapped in protective bubble wrap to prevent any scratches or dents.

Inside the box, there will be a packing slip with a list of the parts included in the package.

Shipping:

The package will be shipped via a reputable courier service to ensure timely and safe delivery.

The customer will receive a tracking number to monitor the status of their shipment.

The package will be insured to protect against loss or damage during transit.

The estimated delivery time will be provided to the customer based on their location.
