Our Product Introduction

for more products please visit us on [motorbrakeparts.com](http://motorbrakeparts.com)

### Product Description:

Our Motorcycle Clutch Kits are made with high-quality materials to ensure durability and long-lasting performance. The clutch plates are 8mm thick, which makes them strong enough to handle the toughest riding conditions. Our kits come with a 1-year warranty, which gives you peace of mind knowing that you are getting a quality product that is built to last.

Our Motorcycle Clutch Kits are manufactured in China, a country known for producing high-quality motorcycle parts. We ensure that our kits are made to meet the highest standards of quality and safety. Our kits are easy to install, using a bolt-on installation method that requires no special tools or skills.

Our Motorcycle Clutch Kits come with 6 plates, which gives you the perfect balance between strength and performance. The plates are designed to provide a smooth and consistent clutch engagement, which makes for a comfortable and enjoyable ride. Whether you are a seasoned rider or a beginner, our kits are perfect for you.

### Features:

Product Name: Motorcycle clutch kits

Number of Plates: 6

Inner Diameter: 110mm

Weight: 1.5kg

Outer Diameter: 130mm

Installation Method: Bolt-on

Our Motorcycle clutch kits also go by the names of Motorcycle clutch service kits, Motorcycle clutch maintenance kits and Motorcycle clutch assembly kits.

### Technical Parameters:

Product Type:	Clutch Kit
Compatibility:	Universal
Outer Diameter:	130mm
Inner Diameter:	110mm
Number Of Plates:	6
Material:	Steel
Installation Method:	Bolt-on
Weight:	1.5kg

### Applications:

Our Motorcycle clutch maintenance kits are made from high-quality steel and have a weight of 1.5kg, making them a strong and reliable choice for any rider. The black color of our clutch kits gives them a sleek and stylish look that will complement any bike.

Our Motorcycle clutch kits are designed to be universal, meaning they are compatible with a wide range of motorcycle models. This makes them a great choice for riders who own multiple bikes or who frequently ride with friends who have different motorcycle models.

Our Motorcycle clutch kits are perfect for a variety of occasions and scenarios. Whether you need to repair a damaged clutch, perform routine maintenance on your bike, or upgrade your clutch for better performance, our kits are the perfect choice. They are easy to install and come with everything you need to get your bike back on the road.

So why wait? Order your Motorcycle clutch kit today and experience the quality and reliability that our kits have to offer.
