Product Description

Product Description:

The number of plates in this Motorcycle clutch assembly kit is 6, which ensures a smooth and efficient power transfer between the engine and the transmission. The 6-plate clutch set is the perfect solution for those who want to upgrade their standard clutch to a high-performance clutch.

The inner diameter of our Motorcycle Clutch Kits is 110mm, which ensures a perfect fit for your motorcycle's clutch housing. The black color of the clutch kit gives it a sleek and modern look while also providing excellent resistance to wear and tear.

Our Motorcycle clutch assembly kits are designed to meet the highest standards of quality and durability, ensuring that you get the best value for your money. The bolt-on installation method makes it easy for you to install the clutch kit yourself without any professional assistance.

Whether you are a professional racer or a casual rider, our Motorcycle Clutch Kits are the perfect solution for enhancing the performance of your motorcycle. With our top-quality clutch kit, you can expect smoother gear shifting, improved acceleration, and better overall performance.

Order your Motorcycle Clutch Kits today and experience the difference for yourself!

Applications:

Our Motorcycle clutch service kits are designed with the highest quality materials, including 6 plates and a 130mm outer diameter, making them a perfect fit for a wide variety of motorcycle makes and models. Whether you're looking to upgrade your existing clutch or replace a worn-out component, our kits are the perfect solution for all your motorcycle clutch maintenance needs.

Installation is a breeze thanks to our bolt-on installation method, which requires no special tools or expertise. Simply follow the included instructions and you'll have your new clutch up and running in no time.

Our Motorcycle clutch maintenance kits are also incredibly lightweight, weighing in at just 1.5kg. This means they won't add any unnecessary bulk to your motorcycle, allowing you to maintain your bike's sleek and streamlined appearance.

Plus, with a 1-year warranty included, you can rest assured that you're getting a high-quality product that's built to last. So whether you're a professional mechanic or a DIY enthusiast, our Motorcycle clutch maintenance kits are the perfect solution for all your motorcycle clutch needs.

So why wait? Order your Motorcycle clutch service kits today and experience the difference for yourself!

Customization:

The clutch kits come with 6 plates and have an Inner Diameter of 110mm, making them an ideal fit for most motorcycles. The Black color adds to the aesthetics of the product and ensures it blends in well with your bike's design. For an added level of customization, we offer Product Customization Services that allow you to tailor the clutch kits to your specific requirements. Get in touch with us today to learn more about our customization options.
