### Applications:

These brake shoes are of A Class quality level and are perfect for various types of motorcycles. They are designed to provide reliable stopping power and durability, making them ideal for both everyday use and extreme riding conditions.

The Motorcycle brake shoe product is suitable for different scenarios and occasions. For instance, the drum brake shoes are perfect for motorcycles that have a drum brake system. They are designed to provide the necessary friction for the drum brake to function effectively and stop the motorcycle when required. Tajiang's drum brake shoes are compatible with different types of motorcycles, making them perfect for various motorcycle models.

Brake shoes & linings are another type of motorcycle brake shoe product from Tajiang. These brake shoes are made of high-quality materials that can withstand high temperatures and provide excellent stopping power. They are perfect for off-road motorcycles, racing motorcycles, and motorcycles that are used for long-distance travel. Tajiang's brake shoes & linings are compatible with different types of motorcycles, making them ideal for various motorcycle models.

The brake drum and brake shoe assembly is another product from Tajiang that is designed to provide reliable stopping power. This product is a complete brake system that includes the brake drum, brake shoe, and other necessary components. It is perfect for motorcycles that have a drum brake system and provides excellent braking performance and durability. Tajiang's brake drum and brake shoe assembly are compatible with different types of motorcycles, making them perfect for various motorcycle models.

Tajiang's Motorcycle brake shoe products are designed to meet the needs of different customers. They are perfect for motorcycle manufacturers who need OEM services and for motorcycle riders who want to replace their old brake shoes. The lead time for these products is usually 20 days, and they are available in different markets, including South America, the Middle East, Africa, and other parts of the world.
