Product Description

Black A Class Motorcycle Brake Shoe Fit For HONDA OEM Service One stop Sourcing

Product Description:

With a lead time of usually 20 days, you can count on this product to be available when you need it. The product is made from high-quality materials to ensure that it can handle the demands of regular use without wearing out quickly. This means that you can depend on it to perform well for an extended period of time, giving you peace of mind and reliable performance.

The Brake Shoes & Linings are black in color, which gives them a sleek and professional appearance. This makes them a great choice for those who want to maintain the aesthetic appeal of their vehicles while also ensuring that they are safe and reliable to use. The black color also helps to hide wear and tear, reducing the need for frequent replacements.

If you own a motorcycle, you know how important it is to have reliable brakes. The Motorcycle Brake Shoe product is a great choice for those who want to upgrade their braking performance. It is suitable for use with Honda Big Brake Kits, which means that you can expect improved stopping power and reduced brake fade. This can help to improve your safety on the road and give you more confidence when riding.

In summary, the Motorcycle Brake Shoe product is a reliable and high-quality product that is suitable for use in a wide range of applications. It is designed to be long-lasting and durable, ensuring that it can withstand the demands of regular use without wearing out quickly. With a lead time of usually 20 days, you can count on this product to be available when you need it. The black color gives it a sleek and professional appearance, making it a great choice for those who want to maintain the aesthetic appeal of their vehicles. If you are looking to upgrade your braking performance, this product is suitable for use with Honda Big Brake Kits, giving you improved stopping power and reduced brake fade.

Applications:

The Tajiang Motorcycle Brake Shoe is an essential component of the drum brake system. It is designed to work with the brake drum and brake shoe assembly, ensuring that the motorcycle stops smoothly and effectively. This product is made with durable materials and is built to withstand intense friction and heat, making it a long-lasting investment for any motorcycle owner.

The Tajiang Motorcycle Brake Shoe is available in black and can be used on various motorcycles. It is suitable for use in South America, the Middle East, Africa, and other markets. The minimum order quantity is 10, and the lead time is usually 20 days. Additionally, customers can choose to have the product delivered by sea or through courier services such as DHL, UPS, FedEx, and EMS.

Motorcycle brake shoes are vital components of a motorcycle's braking system. These shoes are pressed against the brake drums, creating the friction necessary to slow or stop the vehicle. The Tajiang Motorcycle Brake Shoe is designed to work well with brake drums, ensuring that the motorcycle's braking system is reliable and efficient.

In conclusion, if you're looking for a high-quality, reliable, and long-lasting brake shoe for your motorcycle, the Tajiang Motorcycle Brake Shoe is a top choice. With its A class quality level and CE certification, you can trust that this product will keep you safe on the road. Whether you're a motorcycle enthusiast or a professional mechanic, the Tajiang Motorcycle Brake Shoe is a must-have for any motorcycle's brake system.

Support and Services:

Our Motorcycle brake shoe product is designed to provide reliable and consistent stopping power for your motorcycle. We offer a range of sizes and materials to fit your specific make and model.

Our technical support team is available to assist with any questions or concerns you may have about installation or maintenance.

Additionally, we offer a variety of services to ensure the longevity and performance of your brake shoes, including:

Brake shoe relining

Drum brake machining

Brake shoe bonding

Custom brake shoe manufacturing

We are committed to providing our customers with the highest level of satisfaction and quality. Please do not hesitate to contact us if you have any questions or require any assistance.

Packing and Shipping:

Product Packaging:

Each motorcycle brake shoe is carefully packed in a protective plastic bag to prevent damage during transit.

All brake shoes are then packed in a sturdy cardboard box with ample cushioning material to prevent any movement during shipping.

The cardboard box is labeled with the product name, quantity, and any necessary handling instructions.

Shipping:

All orders will be shipped within 1-2 business days of receipt of payment.

We offer standard shipping and expedited shipping options.

Shipping costs will vary depending on the destination and shipping method selected.

Customers will receive a tracking number once the order has shipped.

Please note that we are not responsible for any customs or import duties that may be charged in the destination country.
