Installation: Bolt-On

Material: Steel

Features:

High-quality construction with steel brake plate

Designed to fit BMW motorcycle brake calipers

Bolt-on installation for easy setup

Includes both brake rotor and brake pads for complete replacement

Technical Parameters:

Part Number:	34212312345
Fitment:	Direct Replacement
Material:	Steel
Installation:	Bolt-On
Size:	Standard
Position:	Front/Rear
Color:	Black
Type:	Disc Brake
Warranty:	1 Year
Compatibility:	BMW Motorcycles

Applications:

Our BMW motorcycle brake parts come with a 1-year warranty, providing customers with peace of mind and assurance in the quality of our products. Made in Germany, these brake parts are of the highest quality and are designed to meet the demanding needs of BMW motorcycle riders.

The BMW motorcycle brake parts are compatible with all BMW motorcycles, making them a versatile solution for riders. With a sleek black color, these brake parts not only provide superior performance but also add a stylish touch to your motorcycle.

Our BMW motorcycle brake parts consist of BMW brake calipers and brake plates. These brake calipers are designed to fit perfectly on BMW motorcycles and provide reliable and consistent braking performance. The brake plate is an integral part of the disc brake system and ensures that the brake pads engage with the disc evenly and effectively.

The BMW motorcycle brake parts are suitable for a variety of application occasions and scenarios. These brake parts are perfect for everyday commuting, long-distance touring, and even high-performance riding. Whether you are riding in the city or on the open road, these brake parts will provide you with the confidence and assurance you need to ride safely and securely.

In conclusion, our BMW motorcycle brake parts are a must-have for any BMW motorcycle rider. With their superior quality, reliability, and compatibility, these brake parts are an excellent investment that will provide you with peace of mind and ensure your safety on the road.
