Color	Black
Installation	Bolt-On
Compatibility	BMW Motorcycles
Weight	1.5 Lbs
Country Of Origin	Germany
Size	Standard
Material	Steel
Brake Plate	Brake Plate
Brake Plate	Brake Plate
Brake Plate	Brake Plate

### Applications:

Our BMW motorcycle brake parts are a direct replacement for your existing brake pad parts, brake plate, and BMW brake calipers. This means that you won't have to worry about compatibility issues or making any modifications to your motorcycle. Simply install our brake parts and enjoy improved braking performance and safety.

Our BMW motorcycle brake parts are designed to provide reliable and consistent braking performance in a wide range of applications and scenarios. Whether you're cruising through the city streets or exploring rugged off-road terrain, our brake parts will help ensure that you can stop quickly and safely whenever needed.

With a part number of 34212312345, our BMW motorcycle brake parts are easy to identify and order. And with a weight of just 1.5 pounds, they won't add any unnecessary bulk or weight to your motorcycle.

When you choose our BMW motorcycle brake parts, you can also enjoy the peace of mind that comes with a 1-year warranty. This means that if you experience any issues or defects with our products within the first year of use, we will replace or repair them free of charge. So whether you're a professional motorcycle mechanic or a DIY enthusiast, our BMW motorcycle brake parts are the perfect choice for your next brake system upgrade. Order yours today and experience the difference for yourself!

### Customization:

Customize your BMW motorcycle brake parts with our product customization services. Our brake parts are CE certified and made of high-quality steel, ensuring durability and reliability. These disc brake parts are a direct replacement for your BMW brake calipers and brake plate, and come in a standard size that fits perfectly with your motorcycle.

Our customization services require a minimum order quantity of 100 and are compatible with BMW motorcycles. You can choose to personalize the design and branding of your brake parts to suit your preferences and requirements. Contact us today to get started on your customized BMW motorcycle brake parts!

## Support and Services:

At BMW, we take pride in our commitment to providing high-quality brake parts for our motorcycles. Our brake parts are designed and manufactured to meet the highest standards of safety and performance. We offer a comprehensive range of technical support and services to ensure that our customers have the best possible experience with our products.

Our team of expert technicians is available to provide technical support for any questions or concerns you may have about your BMW motorcycle brake parts. They can help you diagnose any issues you may be experiencing and provide guidance on how to properly install and maintain your brake parts.

In addition to technical support, we also offer a range of services to help you get the most out of your BMW motorcycle brake parts. These services include professional installation, maintenance, and repair, as well as access to genuine BMW replacement parts and accessories.

Whether you are a professional mechanic or a DIY enthusiast, our technical support and services are here to help you keep your BMW motorcycle braking system in top condition. Contact us today to learn more about how we can assist you.

## Packing and Shipping:

Product Packaging:

The BMW motorcycle brake parts will be packaged in a secure and durable box to ensure safe delivery.

The box will have the BMW logo and product information for easy identification.

Inside the box, the brake parts will be wrapped in protective materials to prevent any damage during transportation.

Shipping:

Shipping will be done through trusted carriers to ensure timely and safe delivery.

The shipping cost will be calculated based on the destination and weight of the package.

Customers will receive a tracking number to monitor the status of their shipment.

In case of any issues with the delivery, customers can contact our customer service team for assistance.

## FAQ:

**Q:** Are these BMW motorcycle brake parts certified?

**A:** Yes, these brake parts are certified with the CE mark, ensuring their compliance with European safety, health, and environmental standards.

**Q:** Can these BMW motorcycle brake parts be ordered in small quantities?

**A:** The minimum order quantity for these brake parts is 100 units. Orders below this quantity may not be fulfilled.

**Q:** Do these BMW motorcycle brake parts come with a warranty?

**A:** Any warranty-related information is excluded from this Q&A. Please refer to the specific product page or contact the manufacturer for warranty details.

**Q:** Are these BMW motorcycle brake parts compatible with all models?

**A:** These brake parts are specifically designed for BMW motorcycles. However, it is recommended to check the compatibility with your specific model before purchasing.

**Q:** Can these BMW motorcycle brake parts be installed by a non-professional?

**A:** It is highly recommended to have these brake parts installed by a professional mechanic to ensure proper installation and optimal performance.
