The minimum order quantity for our Brake Pad Parts is 10. Our Brake Pads are designed to suit Honda CRF R X 450 250 models and have a High Friction Coefficient. They are an OEM replacement and have a reputation for High Performance and Long Lasting Durability.

Support and Services:

Our Motorcycle brake pad product is designed to provide superior stopping power, longer life, and reduced brake fade. Our brake pads are made from high-quality materials and are rigorously tested to ensure reliability and performance.

Our technical support team is available to assist with any installation or maintenance questions you may have. In addition, we offer a range of services, including brake pad replacement and brake system upgrades.

We are committed to providing our customers with the highest level of service and support. If you have any questions or concerns about our Motorcycle brake pad product, please do not hesitate to contact us.

Packing and Shipping:

Product Packaging:

Each brake pad is individually packaged in a plastic sleeve.

The brake pads are then placed in a cardboard box with a foam insert to prevent damage during shipping.

Shipping:

The brake pads are shipped via standard ground shipping.

Orders are processed within 1-2 business days and typically arrive within 5-7 business days.

Customers will receive a tracking number via email once their order has shipped.
