This product comes with a 1 year warranty.

For other Electric Bike Parts, Electric Motorcycle Parts and Kawasaki Spare Parts, please check our product catalogue.

### Applications:

These brake parts are essential for ensuring the safety and functionality of the motorcycle's braking system, allowing for smooth and efficient braking. As with any motorcycle, regular maintenance and replacement of parts is necessary to ensure the longevity and safety of the vehicle. The Suzuki motorcycle brake parts product is a reliable and high-quality option for replacement parts.

These parts are suitable for a variety of occasions and scenarios, including but not limited to:

Regular maintenance and replacement of brake system parts

Repairing or upgrading the braking system of a Suzuki GN125 motorcycle

Emergency replacement of faulty or worn brake parts

Customization of a Suzuki GN125 motorcycle

Additionally, these brake parts can be used in conjunction with other Kawasaki motor parts and brake system parts for a comprehensive and high-performance system. They can also be used as Kawasaki hydraulic parts for those looking to upgrade their motorcycle's braking system.

## Customization:

Customize your Suzuki motorcycle brake system with our product customization services. Our brake parts are specifically designed for the GN125 model and are made from durable metal sourced from Japan. Each package contains one set of disc brake parts. Our customization services allow you to tailor the brake parts to your specific needs. Whether you need Kawasaki hydraulic parts or other brake system parts, we can help you create the perfect brake system for your Suzuki motorcycle. Our brake parts are also compatible with other Suzuki motorcycle models.

Upgrade your motorcycle's braking performance with our high-quality brake parts. Order now and experience the difference in your motorcycle's performance!

## Support and Services:

Our Suzuki motorcycle brake parts are designed to meet the highest standards of quality, performance, and reliability. We offer a range of technical support and services to ensure that our customers get the most out of their Suzuki motorcycle brake parts. Our team of experienced technicians is available to answer any questions you may have about our products, including installation, maintenance, and repair. We provide comprehensive product documentation and instructional materials to help you get the most out of your Suzuki motorcycle brake parts. In addition, we offer a range of services, including product testing, inspection, and repair, to ensure that your Suzuki motorcycle brake parts are always in top condition. Whether you are a professional mechanic or a motorcycle enthusiast, we are committed to providing you with the best possible support and service.

## Packing and Shipping:

### Product Packaging:

Each Suzuki motorcycle brake parts product is packaged in a sturdy cardboard box to ensure safe transportation.

The box is labeled with the product name, part number, and quantity.

Inside the box, the parts are securely wrapped in bubble wrap or foam to prevent damage during shipping.

### Shipping:

We offer worldwide shipping for all Suzuki motorcycle brake parts products.

Shipping costs will vary based on the destination and shipping method selected at checkout.

Orders are typically processed and shipped within 1-2 business days.

Customers will receive a tracking number via email once the order has shipped.

## FAQ:

A: The model number is GN125.

Q: What type of brake parts are available for the GN125 model?

A: We offer a range of brake parts for the GN125 model, including brake pads, brake shoes, brake calipers, and brake discs.

Q: Are the brake parts compatible with other Suzuki motorcycle models?

A: Our brake parts are specifically designed to fit the GN125 model. We cannot guarantee compatibility with other Suzuki motorcycle models.

Q: What is the warranty on the Suzuki motorcycle brake parts?

A: Please refer to the warranty information provided with your purchase. The warranty period may vary depending on the specific brake part.

Q: Can I install the brake parts myself or should I have them installed by a professional?

A: We recommend having the brake parts installed by a professional mechanic to ensure proper installation and safety.
