Product Description

Product Description:

Our Honda motorcycle brake parts are designed to be lightweight and easy to install, making them a great choice for both casual riders and professional racers alike. With a weight of just 0.5kg, they won't add any unnecessary bulk to your bike, allowing you to ride faster and more efficiently.

Our Honda motorcycle brake parts come in a classic silver color, making them a versatile addition to any bike. Whether you're looking to add some extra shine to your motorcycle or simply want a set of brake parts that won't clash with your bike's existing color scheme, our Honda motorcycle brake parts are the perfect choice.

When it comes to durability, our Honda motorcycle brake parts are second to none. Made from high-quality materials, they're designed to withstand the wear and tear of regular use, ensuring that your bike's braking system stays in top condition for years to come. Whether you're a casual rider or a professional racer, you can count on our Honda motorcycle brake parts to deliver the performance and reliability you need.

Our Honda motorcycle brake parts come in a standard size, making them a great choice for anyone looking for a hassle-free upgrade. Whether you're a seasoned mechanic or a first-time DIYer, you'll find that our Honda motorcycle brake parts are easy to install and use, allowing you to get back on the road in no time.

At Kawasaki Spare Parts, we stand behind the quality of our products. That's why we offer a 1-year warranty on all of our Honda motorcycle brake parts. If you experience any issues with your brake parts within the first year of use, simply contact us and we'll make it right.

In addition to our Honda motorcycle brake parts, we also offer a wide selection of other brake pad parts and electric motorcycle parts. Whether you're looking for a complete brake system overhaul or simply need to replace a few worn-out components, we have everything you need to keep your bike running smoothly and safely.

Product:	Electric Motorcycle Parts

Applications:

The Honda motorcycle brake parts package contains one set of brake parts, including brake pad parts, Kawasaki hydraulic motor parts, and other brake spare parts. With all the necessary components included, you can easily replace your old, worn-out brake parts with the new ones for improved safety and better braking performance. The high-quality materials used in manufacturing these brake parts ensure that they are durable and long-lasting, providing you with value for your money.

The Honda motorcycle brake parts are suitable for a range of application occasions and scenarios. Whether you are a professional motorcycle mechanic or a DIY enthusiast, these brake parts are ideal for your needs. For instance, if you own a Honda CG125 model and need to replace the brake parts, the Honda motorcycle brake parts are a perfect fit. They are also suitable for motorcycle repair shops that specialize in Honda motorcycle repair and maintenance services.

The Honda motorcycle brake parts are also ideal for motorcycle enthusiasts who love to customize their bikes. You can use these brake parts to upgrade your bike's braking system for better performance and safety. The Kawasaki hydraulic motor parts included in the

package ensure that you have a smooth and responsive braking experience. Additionally, the brake pad parts ensure that your motorcycle can stop quickly and safely, even in emergency situations.

In conclusion, the Honda motorcycle brake parts are an excellent choice for anyone looking for high-quality brake parts that are easy to install and come with a 1-year warranty. With the package containing all the necessary components, you can replace your old brake parts with ease, ensuring that your motorcycle is safe and performs optimally. Whether you are a professional mechanic or a DIY enthusiast, these brake parts are the perfect fit for your needs.

Packing and Shipping:

Product Packaging:

The Honda motorcycle brake parts are carefully packaged in a durable cardboard box to ensure safe transportation. Each brake part is individually wrapped in plastic to prevent damage during shipping.

Shipping:

We offer free standard shipping on all orders within the United States. Orders are typically processed within 1-2 business days and shipped via UPS or FedEx. Expedited shipping options are also available for an additional fee.

FAQ:

Q: What type of brake pads are compatible with Honda CG125?

A: Honda CG125 requires organic brake pads for optimal performance.

Q: How often should I replace the brake pads on my Honda CG125?

A: It is recommended to replace the brake pads every 10,000 to 15,000 miles or whenever they become worn out.

Q: Can I use aftermarket brake parts on my Honda CG125?

A: While it is possible to use aftermarket brake parts, it is recommended to use genuine Honda parts for optimal performance and safety.

Q: What is the brake rotor size for Honda CG125?

A: The front brake rotor size for Honda CG125 is 240mm and the rear brake rotor size is 110mm.

Q: How do I know if my Honda CG125 brake pads need to be replaced?

A: You may notice a squeaking or grinding noise when braking, or the brake pedal may feel spongy or require more pressure to stop the bike. Additionally, you can visually inspect the brake pads to see if they are worn down.
