## Product Description

### Product Description:

The Suzuki Motorcycle Brake Parts are compatible with various models of Suzuki Motorcycles, making it easy for you to find the right braking system parts for your specific motorcycle model. The package content includes one set of brake parts, ensuring that you can replace both the front and rear brakes simultaneously for optimal performance.

Installation of the Suzuki Motorcycle Brake Parts is a bolt-on process, which means you can easily install the brake parts without any welding or modification to the motorcycle's frame. This makes it a convenient and hassle-free upgrade to your Suzuki Motorcycle's braking system.

When it comes to the braking system of your motorcycle, it is essential to choose a reliable and trusted manufacturer. The Suzuki Motor Corporation is a well-known brand that has been manufacturing motorcycles and motorcycle parts for over a century. With their expertise in the industry, you can trust that the Suzuki Motorcycle Brake Parts will provide exceptional performance and durability.

The Suzuki Motorcycle Brake Parts are an excellent choice for those looking to upgrade their Suzuki Motorcycle's braking system. These high-quality braking system parts are compatible with Suzuki Motorcycles, come in a package content of 1 set of brake parts, are manufactured by the Suzuki Motor Corporation in Japan, have a bolt-on installation method, and are a reliable choice for your motorcycle's braking system needs.

Size	Standard
Product Category	Brake Pad Parts

### Applications:

Whether you're a professional mechanic or a DIY motorcycle enthusiast, you can trust in the quality and longevity of Suzuki Motor Corporation's brake parts. And with a 1-year warranty, you can rest assured that your investment is protected.

These brake parts are perfect for a variety of applications and scenarios, whether you're using your GN125 for daily commuting or weekend joyrides through winding mountain roads. The front position ensures optimal braking performance and control, giving you the confidence you need to take on any road conditions.

But the applications don't stop at just the GN125. These brake parts can also be used for a variety of other Suzuki motorcycle models, as well as other brands such as Kawasaki. And if you're in need of hydraulic parts for your Kawasaki or electric motorcycle parts for any make and model, Suzuki Motor Corporation has a wide range of products to meet your needs.

### Customization:

## Support and Services:

Suzuki motorcycle brake parts are designed to provide reliable and consistent stopping power for your motorcycle. Our technical support team is available to answer any questions you may have about installation, maintenance, and performance. We also offer a range of services to ensure your brakes are functioning properly, including brake system inspections, brake pad replacements, and brake fluid flushes. Trust Suzuki motorcycle brake parts to keep you safe on the road.

## Packing and Shipping:

### Product Packaging:

The Suzuki motorcycle brake parts will be packaged securely in a sturdy cardboard box to ensure the safe arrival of your order. Each part will be individually wrapped in bubble wrap and placed in the box with sufficient padding to prevent any damage during shipping.

### Shipping:

We offer free shipping for all orders of Suzuki motorcycle brake parts within the United States. Your order will be processed and shipped within 1-2 business days after payment is received. We use trusted shipping carriers to ensure timely delivery of your order. You will receive a tracking number once your order has shipped so you can track its progress until it arrives at your doorstep.

## FAQ:

### Q: What are the brake pads made of?

A: The brake pads for the GN125 model are made of high-quality organic materials that provide excellent stopping power and durability.

### Q: Can I use these brake pads for racing?

A: While the brake pads are designed for everyday use, they can also be used for occasional racing. However, if you are a serious racer, we recommend using specialized racing brake pads for optimal performance.

### Q: Do these brake pads come with the necessary hardware for installation?

A: Yes, the brake pads come with all the necessary hardware for installation, including clips, shims, and pins.

### Q: How often should I replace my brake pads?

A: The frequency of brake pad replacement depends on various factors, such as your riding style, the terrain you ride on, and how often you use your brakes. As a general rule, you should check your brake pads every 5,000 miles and replace them if they have less than 1mm of material left.

### Q: Are these brake pads compatible with other Suzuki motorcycle models?

A: These brake pads are specifically designed for the GN125 model. While they may fit other Suzuki motorcycle models, we recommend using the brake pads that are specifically designed for your bike for optimal performance and safety.
