Basic Information

- Place of Origin: China
- Brand Name: Tajiang
- Certification: CE
- Minimum Order Quantity: 10

Product Specification

- Delivery Method: By Sea, By DHL, UPS, FEDEX, EMS, etc
- Installation: Easy
- Car Model: Motorcycle
- Size: Standard
- Quality Level: A Class
- Color: Black
- Service: OEM
- Main Market: South America, Middle East, Africa, etc

Product Description

Product Description:

Installation of the Motorcycle Brake Shoe is easy and straightforward, making it convenient for motorcycle owners to replace old or worn-out brake shoes with this new component. With simple installation steps, riders can quickly enhance the braking efficiency of their motorcycles.

Manufactured to meet A Class quality standards, the Motorcycle Brake Shoe is a durable and long-lasting product that offers consistent performance. Riders can rely on these brake shoes to deliver reliable braking power in various riding conditions, enhancing overall safety on the road.

The main market for the Motorcycle Brake Shoe includes regions such as South America, the Middle East, Africa, and more. These brake shoes are designed to cater to the needs of motorcycle owners in these areas, providing them with high-quality braking components to maintain their bikes' performance.

When ordering the Motorcycle Brake Shoe, customers can expect a lead time of usually 20 days for delivery. This allows for efficient processing and shipping of the product, ensuring that motorcycle owners receive their brake shoes in a timely manner to minimize downtime.

Specifically designed for motorcycles, the Motorcycle Brake Shoe is compatible with a wide range of bike models, making it a versatile component for riders. Whether it's for daily commuting or adventurous rides, these brake shoes are suitable for various types of motorcycles, enhancing their braking capabilities.

Included in the category of Shoes & Components, the Motorcycle Brake Shoe is a crucial part of the braking system, working in conjunction with brake drums to provide effective stopping power. By maintaining the brake shoes in good condition, riders can ensure optimal performance of their motorcycles' braking systems.

Overall, the Motorcycle Brake Shoe is a top-quality product that offers easy installation, A Class quality, and compatibility with diverse motorcycle models. With a main market focus on regions like South America, the Middle East, and Africa, these brake shoes cater to the needs of motorcycle owners seeking reliable braking components. Order now and experience enhanced braking performance with the Motorcycle Brake Shoe!

Applications:

Tajiang Motorcycle Brake Shoes are a high-quality product designed for various applications in the motorcycle industry. With a focus on durability and performance, these brake shoes are suitable for a wide range of scenarios.

One of the key application occasions for Tajiang Motorcycle Brake Shoes is in the maintenance and repair of HONDA motorcycles. These brake shoes are specifically designed to fit HONDA motorcycles, providing a perfect replacement part for drum brake systems. Whether it's for routine maintenance or repairing a worn-out braking system, Tajiang Brake Shoes offer a reliable and cost-effective solution. Additionally, these brake shoes are ideal for motorcycle workshops and repair shops that cater to customers with different motorcycle models. The A Class quality level and CE certification ensure that these brake shoes meet industry standards and provide reliable performance.

With a minimum order quantity of 10 units, Tajiang Motorcycle Brake Shoes are suitable for both small-scale repairs and larger maintenance projects. The lead time of 20 days makes it convenient for businesses to plan their inventory and ensure timely delivery to customers.

Furthermore, the main markets for Tajiang Motorcycle Brake Shoes include South America, the Middle East, Africa, and other regions where HONDA motorcycles are popular. This broad market coverage makes these brake shoes a versatile choice for businesses operating in diverse geographical locations.

In conclusion, Tajiang Motorcycle Brake Shoes are a dependable product that caters to the specific needs of motorcycle owners, repair shops, and distributors. Whether it's for routine maintenance, repairs, or aftermarket upgrades, these brake shoes offer a reliable and high-quality solution for drum brake systems.
