

## Black Brake Drums Shoes Components with Convenient Delivery Method UPS

Our Product Introduction

for more products please visit us on [motorbrakeparts.com](http://motorbrakeparts.com)

### Basic Information

- Place of Origin: China
- Brand Name: Tajiang
- Certification: CE
- Minimum Order Quantity: 10

### Product Specification

- Main Market: South America,Middle East,Africa,etc
- Installation: Easy
- Fit For: HONDA Motorcycle
- Sevice: OEM
- Car Model: Motorcycle
- Delivery Method: By Sea,By DHL,UPS,FEDEX,EMS,etc
- Lead Time: Usually 20 Days
- Application: Motorcycles, Auto, Truck, Forklift Etc
- Highlight: **black motorcycle brake shoes,  
motorcycle brake drum components,  
UPS delivery brake shoe parts**

## Product Description

### Product Description:

One of the key advantages of the Motorcycle Brake Shoe is its compatibility with a wide range of motorcycle models, making it a versatile choice for riders with different preferences. This product is specifically designed for motorcycles, providing a perfect fit and optimal performance.

With a long life span, the Motorcycle Brake Shoe is built to last, offering durability and reliability for extended use. Riders can have peace of mind knowing that their brake system is equipped with components that are designed to withstand wear and tear over time, ensuring consistent performance and safety on the road.

The main market for the Motorcycle Brake Shoe includes regions such as South America, the Middle East, Africa, and others. This product has been well-received in these markets for its quality, performance, and reliability, making it a popular choice among riders in these regions.

With a lead time of usually 20 days, the Motorcycle Brake Shoe offers a timely solution for riders in need of quick replacements or upgrades for their brake system. This efficient lead time ensures that riders can get their hands on the product promptly, minimizing downtime and keeping their motorcycles in top condition.

The Motorcycle Brake Shoe is an essential component for the brake system of motorcycles, providing crucial support for braking performance and safety. This product is designed to work seamlessly with brake drums and brake shoe assemblies, enhancing overall functionality and efficiency.

Brake shoes are a critical part of the braking system, responsible for pressing against the brake drum to create friction and slow down or stop the motorcycle. The Motorcycle Brake Shoe is engineered to deliver optimal friction and contact with the brake drum, ensuring precise and reliable braking performance.

Overall, the Motorcycle Brake Shoe is a must-have product for riders who prioritize safety, performance, and quality in their motorcycle components. With its one-stop sourcing advantage, long lifespan, compatibility with various motorcycle models, and efficient lead time, this product is a top choice for riders looking to enhance their braking system.

### Technical Parameters:

Advantage	One-stop Sourcing
Color	Black
Fit For	HONDA Motorcycle
Quality Level	A Class
Lead Time	Usually 20 Days
Delivery Method	By Sea, By DHL, UPS, FEDEX, EMS, etc
Car Model	Motorcycle
